## FROM THE RELIEVING PRINCIPAL

A very busy term comes to an end and I would like to take this opportunity to thank staff for all their efforts both in and out of the classroom. We have held a number of sport and extra curricula activities this term, which have all been very successful. Thanks to the efforts of both teaching and administrative staff.

Can I also thank all of our students for their efforts this term. I am regularly receiving feedback from our community about the excellent way our students represent our school in public. Also, well done for an excellent term in the classroom. After reading all reports it is evident that students are participating in learning and giving their best. Reports will be issued to students on Wednesday and these will also be available via the SENTRAL Parent Portal.

A big well done to the SRC and the entire school for their efforts with our Crazy Hair Day to raise money for Cystic Fibrosis. There was some great hair on the day and the cake stall was incredible. This was another example of outstanding student leadership and a school community willing to help a worthwhile cause.

Friday saw Coolamon Central host the High Schools Regional Athletics Carnival on our school oval. A big thanks to Mr Besgrove for his great organisation on the day. He was ably supported by a number of staff and students from Year 9/10 PASS and Year 11/12 SLR classes. Thanks also to Mrs Crocker and the Hospitality students who catered for the day and were greatly appreciated by visiting staff and students. This is yet another example of the tireless efforts of the entire CCS community - thanks everyone.

Term 3 sees two staff changes. Mrs Lucas is finishing with us at the end of this week. We wish her well on her adventure for the rest of the year and look forward to seeing her in 2020. We welcome back Mrs Besgrove, who will be filling in most of Mrs Lucas classes. Also, our best wishes to Mr Ryan, who has been working in the TAS faculty over the last few weeks. Thank you for your contribution in and around so many classes and good luck with your studies and future teaching career.

Online safety is a growing issue in today's society. Please find in this newsletter and the coming weeks some fact sheets from an organisation 'thinkuknow'. These are very informative and should help parents guide their children to be safe online.

As holidays approach, can I urge you all to rest and enjoy the break, but please BE SAFE!

Mr Kingsley Ireland  
Relieving Principal

Stage 5 Visual Arts have been working on a Post Modern Integrated Visual Verbal artwork focusing on Andy Goldsworthy. Andy Goldsworthy is a British artist known for his site-specific installations involving natural materials and the passage of time. Post Modern work requires the students to show influences of Goldsworthy's artworks in their own works and interpretations using natural materials, as well as integrating a conceptual framework of information on Goldsworthy.

The Art room has been open to Secondary and Primary students all term at lunch time to encourage entries of artworks into the Up-To-Date Art Exhibition that opens on the 26th July. We have had over 30 students at any one time in the room so it has been very busy and creative. Thank you to those teachers for allowing your students to come at lunch and it is hoped you have enjoyed seeing their artworks.

Mr Philip Schulz  
Art Teacher

**AUSTRALIAN  
MATHEMATICS  
COMPETITION** 1 AUGUST  
**2019**

The Australian Mathematics Competition is running again this year for students to challenge themselves to complete a range of problems. The competition date is the 1st August. Entry is \$6.50 and is due by 23rd July. We will complete this competition online. Students from Years 3 - 12 are encouraged to enter. Notes may be collected from the front office.

### **Sentral Parent Portal**

Most families have accessed the Coolamon Central Parent Portal from the email sent to parent emails this term. I urge parents to visit the portal. We will be rolling out more and more options and information about the school and students as the year progresses.

Currently, parents can look at their child's attendance and provide an explanation for any absence and view NAPLAN data if it is available for your child.

Soon, copies of Semester 1 reports will be published.

### **Phones**

Can I take the opportunity to congratulate most high school students who have been RESPONSIBLE and manage their phone use appropriately.

Remember phones are not to interrupt learning and should only be used at recess and lunch.

### **Footballs**

These continue to be a small problem. Remember that they should only be kicked on the grass areas and should be put away between classes or while lining up for class.

### ***Inquisitive Minds* - Mathematics Problem Solving Workshop (for Year 7/8)**

We have been given the opportunity to attend a Talented Mathematicians Workshop named Problems, Patterns, Pictures and Puzzles. During this workshop, students will participate in an interactive lesson on strategic problem solving. They will then work on a series of original hands-on problems. Finally students will be given the opportunity to consolidate their learning with a take-home collection of Australian Mathematics Competition questions.

This workshop will take place on Tuesday 23rd July (the first day back Term 3) at Mater Dei Catholic College. Departing CCS at 8.30am and returning 3.30pm approximately.

The Mathematics faculty has subsidised the cost of this excursion to \$20. Payment needs to be made by 3rd July to the front office. Spaces are extremely limited - only the first 11 students to pay will be attending this excursion.

If you have any questions please see Mr Pollard.

## A collection of educational toys and games for children, including Candy Construction Building Set, Go Fish, Learning Resources Park Engineering &amp; Design, and Marble Run. The items are displayed on a wooden surface against a light-colored wall. The Candy Construction Building Set is a colorful box with a red and white striped candy cane graphic and the text 'A sweet way to build and play!'. The Go Fish card game is a small green box with a white card showing two fish. The Learning Resources Park Engineering &amp; Design box features a blue and green design with the text '43 pieces' and 'STEM'. The Marble Run box is large and colorful, with the text '100 PCS' and 'Marble Run'. A small blue box labeled 'WORLD WARD GAME' is also visible.

# Music

The Primary Choir has been busy learning 15 songs for the CHORDS end of year performance in Term 4 at the Wagga Wagga Civic Theatre. We recently had our first cluster rehearsal in Week 8 where we practiced with South Wagga Public School, Junee Public School, The Rock Central School and North Wagga Public School.

Secondary Band will soon be learning three new songs.

The end of Semester Wellbeing Assembly will have performances from a combined Primary Choir and Secondary Band and also the Secondary Bucket Drumming.

Kindergarten to Year 4 are looking at Japanese folk music and instrumentation, focussing on various instrumentation and story-telling elements through music and performance. Students will learn to perform some melodic ideas, on either keyboard or glockenspiel, along with a backing track.

Diamond have been working on Taiko-inspired bucket drumming and performed an original piece as their item at the recent Primary Assembly.

Stage 4 have been learning about different areas of Western Art Music. Students have also been learning about composing and have been creating their own short musical ideas. Additionally, students have been learning various Classical pieces on keyboard, guitar or ukulele.

Stage 5 have been learning about Australian Rock music. Students are learning an Australian piece of their choice and are working on creating their own short song.

Stage 6 have recently finished a Classical/Baroque Music performance and have been working on using Classical samples in a hip-hop context. Additionally, students have worked on improvising to a backing track.

Mr Leroy Szery  
Music Teacher

## Principal's Award

*Lexi Lamb for demonstrating exceptional leadership qualities and outstanding application and effort towards all Key Learning Areas.*

Last week, students from Kindergarten to Year 12 participated in Crazy Hair Day. Students came to school with some interesting hair styles and wore a red piece of clothing. SRC students also ran a bake sale at recess with donated biscuits, muffins and slices to raise money for Cystic Fibrosis Community Care. We raised a total of \$600! An excellent effort by all.

Walanga Muru's Rising Stars Leadership Camp is an all-inclusive three day leadership camp to allow Aboriginal and/or Torres Strait Islander YEAR 10 students the opportunity to experience our university. Successful applications will clearly demonstrate students' leadership skills in the fields of academia, culture and/or community.

Across the three days students will experience an extensive numbers of activities that focus on building their leadership skills, Aboriginal Culture and providing them with a taste of university life. There will also be a late afternoon/night excursion to Sydney CBD. All attending students are expected to get involved in each activity across the duration of the camp.

Students will be supervised by Walanga Muru staff throughout the entire duration of the camp, with night staff staying within the NCIE Redfern accommodation each night.

**COST:** The three day camp is run at no cost to the student or their school

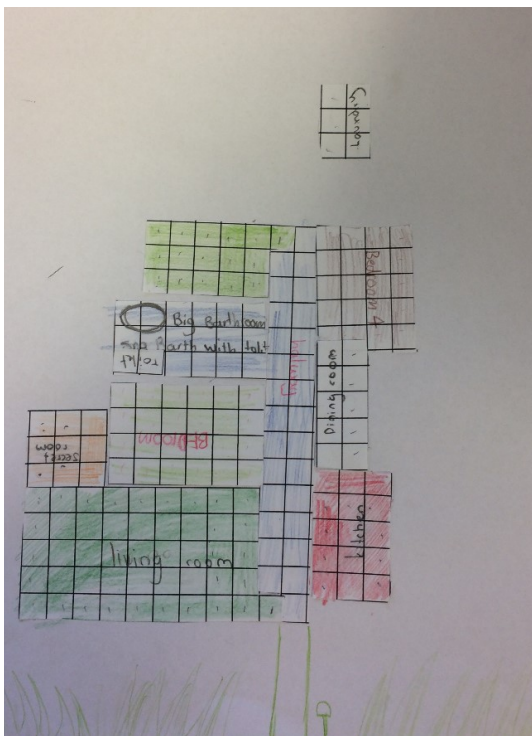

**DATES:** Tuesday 17th - Thursday 19th September, 2019

SCHOOL

Stage 3 Numeracy students have been completing lots of measurement based activities. They have measured various shapes around the school, including the netball court, and worked out the perimeter and area of each. Many have shown a keen interest in building as they worked on their own house design. Some house designs even included spas, tennis courts and gyms. Students will be completing their house designs including calculating the perimeter, area and approximate cost, by the end of term.

In Stage 4 English students have discussed contemporary issues, including which generation is more addicted to their mobile phones and the use of technology. They have also analysed the film techniques used in the film Wall-E including how Disney Pixar uses neoteny.

Stage 4 Mathematic groups have just commenced a unit on measurement. They have enjoyed a range of activities including a measurement game, hands on measurement activities and discovering how the metre was originally computed.

## Youth Aware of Mental Health

The Department of Education is working with the Black Dog Institute to run a school-based peer support and mental health literacy program called Youth Aware of Mental Health (YAM).

### What is YAM?

YAM is a program aimed at addressing the mental health needs of young people.

YAM involves discussion and role play. It aims to get young people involved and talking about mental health. By doing this young people will learn problem solving skills and gain knowledge about mental health.

This is a free program for all Year 9 students. The Department of Education has funded all costs associated with the YAM program.

### Who is it for?

All Year 9 students

### What is in the program?

There are 6 themes addressed in the program

- What is mental health?
- Self-help advice
- Stress and crisis
- Depression and suicidal thoughts
- Helping a friend in need?
- Who can I ask for advice?

### How will YAM run in our school?

YAM will run over 3 weeks and is delivered in the classroom setting (up to 30 students) by accredited trainers external to the school.

Week 1	Week 2	Week 3
Opening session	Role play 2	Closing session
+	+	
Role play 1	Role play 3	

Students will be given a booklet to keep. It will include a guide of local health resources as well as a list of different organisations who work with youth in the local community.

### Who can I contact to discuss YAM?

The contact for YAM in our school is Josh Celi

### When will YAM be delivered in our school?

YAM will be delivered in Weeks 1, 2 & 3 of Term 3 2019

### Where can I find more information about YAM?

## Work Experience

Year 10 students have been out on work experience this week, gaining employment related skills. Students have found work life interesting, enjoyable and tiring. It has also helped inform decisions about their future.

Thank you to the businesses in Coolamon and Wagga who have hosted students, important experiences like this would not be possible without your support.

On Wednesday June 19<sup>th</sup> Years 9-12 visited the Wagga Wagga Careers Expo. It was a day where students were able to see a variety of career options and speak to employers, universities, GAP year providers and employment agencies. It was a wonderful experience where students gained an understanding of future possibilities.

# Managing your digital shadow

This factsheet explains how you can manage your online reputation.

What you do online today could impact you into the future. What does your digital shadow say about you?

When you post or send something online, you can lose control over who sees it and what they do with it. You may never be able to permanently delete an image or text, so it is important that before you send something, think about what you are sending and where it might end up.

## Here are a few things to consider before pressing send:

### DO YOU KNOW WHO YOU ARE SENDING IT TO?

You might be tricked into thinking you are communicating with a friend, but can you ever be sure that it is only them? Not everyone online is who they say there are.

### DO YOU KNOW WHAT THEY WILL DO WITH IT?

Even if you are sure who is on the other end, can you really trust them? Relationships can breakdown over time, so while you might be happy for someone to have your image or video today, tomorrow might be a different story.

Our partners

DATA.COM

Microsoft

### CAN IT BE DELETED?

Once you have shared something online, it can easily be shared around to others.

Distribution might start with just your school, but it can quickly spread to your community and beyond. Content can be copied or stored by others, so can be difficult to ensure content is ever deleted.

#### Settings

Remember that, depending on the privacy settings your friends use, whatever your friends share about you can also affect your digital shadow.

### SO WHAT DOES THE LAW SAY?

Content of someone under the age of 18 in little or no clothing, a sexualised pose or engaged in a sexual act may be considered child abuse material.

Even if it's an image or video of you, and you consent, you can still be breaking the law!

#### Non-consensual image sharing

If someone has created this material of you without your permission, you need to tell a trusted adult and they can assist you in reporting it to police. This is a serious matter and should not be ignored.

### HOW WILL IT AFFECT YOUR FUTURE?

A future employer, university or sporting organisation might research you online. What they find may influence their decision on whether to offer you an opportunity.

### HAVE YOU BEEN PART OF THE PROBLEM?

By storing or helping to distribute this type of material, you are contributing to this serious issue. Distributing these images maliciously is viewed even more seriously, and you may be committing an offence.

### WHAT SHOULD YOU DO IF YOU HAVE RECEIVED AN EXPLICIT IMAGE?

If you have received this type of material, delete it without forwarding it. Tell the person who sent it to you that you are not interested in being a part of this. If you know who the person in the image is, let them know what is going on. They wouldn't want to be the last to know.

### SO WHAT CAN YOU DO ABOUT IT?

You can change your digital shadow — if you don't like what is out there, take ownership and have it removed or balance it with positive content.

Research yourself online and see what's out there about you. Regularly search for your name, username, email address and phone number in online search engines.

You can also use meta search engines for a deeper search.

Tip: Deactivate any old social media accounts that you may no longer use.

#### Remember:

**Your online reputation is your responsibility so take control of what your digital shadow says about you!**

**Information for Parent/Carers and Applicants**

The camp and tour is open to all Public School students from Years 5-12 and caters for concert band instrumentalists (bass guitarists are eligible) of all levels, from beginner to advanced. The camp will take place Saturday – Wednesday, followed by a tour of schools in the Wagga Wagga area on Thursday and Friday. Students are expected to participate in both activities.

Students will be promised a week of valuable musical, educational and social experiences. They will participate in a range of music programs including concert band, advanced band, instrumental tutorials and concerts, as well as team building games and recreational activities.

**DATE:** Saturday 17 August – Friday 23 August 2019

**ARRIVE:** 9:00am

**DEPART:** 4:00pm Friday afternoon at the conclusion (and location) of the final school concert

**VENUE:** Borambola Sport and Recreation Centre  
Address: 1980 Sturt Hwy, Borambola NSW 2650 Telephone: (02) 6928 4300

**CONCERTS:** Students will perform in the Wagga Wagga area on Thursday and Friday. An evening concert will be organised on Thursday for the general public. Parents/carers are more than welcome to attend. Final details will be included in the acceptance letter

**COST:** All schools now operate on a new finance system. Once you have received your email acceptance, payment may be made either in full (\$480) or in instalments at YOUR school. The cost includes all accommodation, food, tour transport and a tour t-shirt. Students who withdraw after Monday 29 July 2019 will forfeit all monies paid (unless circumstances are deemed exceptional by the panel). A \$50 fee will apply for students who withdraw prior to this date. Further details regarding payments will be sent with the acceptance letter.
