FINAL DAY TERM THREE

TERM FOUR

OCTOBER

- 9 Students and Staff return for Term 4

from the Principal

Another busy two weeks have zoomed past and there is so much to report.

I will start with Year 12. Congratulations to our HSC class for completing their Trial Examinations. It is a significant milestone as they move towards their final Examinations next term. Preparations are well underway for some celebrations and formality for this group, in the last week of term. We wish them well as they come to the end of their schooling years.

Book Week was something to behold, with a school full of penguins it made me feel like I was actually in the middle of the Antarctic. Promoting reading regularly is essential and our school does a fantastic job of fostering a love for books and literature.

A huge congratulations to all students who participated in the Central School State Finals in Dubbo last week. Our lawn bowlers kicked off the week winning Bronze, the Opens boys touch were equal first on points, but finished silver medallists on a count back and both the Under 16's and Opens netball won gold. All teams who participated in Dubbo represented the school well and gave their best. A massive thanks to the staff who went above and beyond to ensure this trip happened.

It is excellent to hear about the success of our students in sports; Memphis Meyers Riverina Representative in Tennis, The Girls Rugby League team and the Soccer team. These achievements demonstrate the talent and dedication of our students.

Our debaters continue to progress in their competition, and we wish them luck in coming rounds. Debating is a valuable skill that fosters critical thinking and effective communication.

Congratulations to Sienna Kirkman who participated in the Premier's Spelling Bee competition. Some of the words she spelt would have many of us scratching our head. Sienna will now go on to compete in the State finals to be held in Sydney next term. We wish her the best of luck.

We want to work with businesses within our school communities

Work is available maintaining our schools

School Infrastructure NSW manages a large maintenance program for more than 2,000 schools across all parts of NSW. To do this work, we are looking to engage local businesses, including Aboriginal owned businesses and people.

We want to go local

We have changed our approach. We are now directly managing our facilities and enlisted the support of new facilities maintenance contractors and tradespeople to work directly with us.

Why go local? We want to:

- be more responsive to maintenance issues reported by schools
- ensure we are working with local trades and spending our money in our local communities
- provide better working conditions for local tradespeople, including faster payment terms
- increase employment opportunities for apprentices and trainees in local communities.

Opportunities for Aboriginal businesses

As part of our engagement of local contractors, we are also seeking to grow the number of local Aboriginal businesses we work with and increase employment opportunities for Aboriginal employees, apprentices and trainees.

Our Aboriginal Senior Program Officers are able to help Aboriginal businesses, and local contractors who already employ or are looking to employ Aboriginal employees, apprentices, and trainees.

schoolinfrastructure.nsw.gov.au

The trades and services we are looking for include:

- Plumber (including roof and gas)
- Electrician
- Lift Technician
- Refrigeration mechanic
